

REQUEST FOR QUOTATION – SAE 09/2017

DESIGN / ADVERTISING AGENCY SERVICES FOR A PERIOD OF 12 MONTHS

1. Background

The Durban ICC is one of the world's leading events and meetings venues. In order to maintain the extremely high standards demanded by clients and stakeholders, all marketing collateral needs to be specifically purchased, according to the requirements of our venue.

In terms of the mandate of our shareholder, eThekweni Municipality, the Durban ICC exists as a catalyst to increase economic impact to the City and contribute to the GDP of the country. Hence the need to market, advertise and promote the services of the facility to its stakeholder community.

Given that the design and production capacities to develop the relevant marketing collateral and advertising material do not exist within the organization, it is important for the Durban ICC (the client) to appoint a marketing / advertising agency (the service provider) to capacitate and support its branding and marketing requirements.

2. Purpose of the request for proposal

The purpose of this project is to identify and appoint a marketing / advertising agency which will provide, as and when required, advertising, graphic design, branding and copywriting support for the Durban ICC, for a period of 12 months.

3. Specifications

It is the intention of the Durban ICC to enter into a formal Service Level Agreement (SLA) with the successful Service Provider. This agreement will be for a period of 12 months subject to a quarterly review. The Durban ICC will be entitled to withdraw from the SLA subject to the operational requirements of the Durban ICC with one month's written notice to the consultant at any time within the period of contract.

It is essential that the service provider is fully represented in Durban, with account executive capacity, and can demonstrate its ability to service the Durban ICC account from its Durban offices.

The Durban ICC reserves the right to appoint one or more service providers to manage the marketing / advertising and media portfolios or to not make an appointment if the proposals are deemed inadequate or unsuitable in terms of the requirements of the organization from the submissions received.

3.1 Mandatory scope of works

The following scope of services is required from the service provider:

- The service provider would design the appropriate digital and printed marketing collateral for the Durban ICC in order to support the sales and marketing activities of the organisation.
- The service provider would perform copywriting and script-writing duties for the organisation as and when required.

Examples of the marketing collateral which the service provider would be required to design may include, but will not be limited to:

- Printed sales brochures in various formats detailing the technical specifications of the facility suitable for direct sales interaction with event buyers.

- Various electronic sales brochures in small file size for ease of download and emailing.
 - Bid Documents presented as part of tenders to attract international and national events.
 - Pull up banners, banner walls and other physical media used for promotions.
 - Design of the company's Annual Report in print and electronic versions.
 - Design of new advertisements in various sizes and layouts targeted at attracting international and national conferences, exhibitions, concerts, meetings, in-door sporting events and functions.
- It is envisaged that the Durban ICC will make use of the services of the service provider during the tenure of the SLA as and when required.
 - The Durban ICC does not contemplate appointing a service provider on a regular retainer and submissions should not make provision for this.
 - All content belonging to the Durban ICC, including all pre-existing logos and trademarks, shall remain the sole property of the client and shall be the sole owner of all rights in connection therewith.
 - The Durban ICC will retain all rights and title to any original artwork commissioned from the service provider, including all rights to display or edit such artwork.
 - The service provider shall provide the Durban ICC with original artwork for all projects in an editable format of the client's choice.
 - Once the successful Service Provider has been appointed, they will still be required to submit quotations for projects in order to monitor and manage the value of the business placed with the service provider.
 - Please note that any additional reverts on projects to correct spelling errors or correct information inaccurately reproduced in the artwork may not be charged for.
 - There will be no contractual obligation extending beyond the 12 month period.

3.2 Evaluation

The evaluation of the proposals will be based on how well the service provider demonstrates their design ability and how this is expressed creatively in examples of previous work produced.

The second round of evaluation will involve the assessment of the respective pricing and design time for each element.

The service provider is required to submit a portfolio of design examples which must include at least one sample of each of the following projects or a similar project which they have designed previously.
