- 5 (five) x Portable Unit (each comprising of a 3Lt Tank, 25 cups/serving)
- 1 (one) x Mobile Unit (Multi-purpose, 50Lt Reservoir). The unit must have the ability to dispense a cup of cappuccino, Latte or Espresso in less than 10 seconds.

5.2 Technical Support

- The Supplier must have a full range of liquid coffee equipment that is serviced, maintained and deep cleaned by skilled and experienced staff.
- Call out, labour and spares shall only be charged for in the case of malicious damage on the part of the Durban ICC or operator fault.
- Call out response time to be within 24 hours.
- The Supplier is required to have a suitable replacement machine/back-up machine available in case of technical breakdown. (24 hour turn-around time).
- Technical calls for the Durban ICC will be regarded as high priority calls. Maximum guaranteed response time per unit will be 24 hours (for repairs).

- Routine deep cleaning as per the specified cleaning manuals (monthly) is the responsibility of the supplier. A register of this should be kept by the supplier and is to be made available to the Durban ICC upon request.
- Routine deep cleaning of all coffee equipment, in order to ensure it is working to the specification in line with ISO 9001 and 22000 certification.
- Training shall be completed on installation and refresher training will commence every three months.

5.3 Service required

- A dedicated monthly quality assurance must be made by the supplier, including a monthly equipment inspection that is recorded accordingly.

Monthly quality assurance consists of the following:

- In-cup coffee quality assessment, (Taste, Aroma, Crème, Correct Dilution / Ratio)
- Staff competency (performance) assessment.
- Operational non-conformances must be addressed immediately with relevant managers.

5.4 Training

- Training is an essential part in the coffee making process and the supplier shall commit to a formalised training schedule, which would include the following:
 - Suitable training on care of machines, how to operate the machines and storage of liquid coffee.
 - Presentation of coffee.
 - A Train-the-Trainer Programme, to include Management and Operational Team Training
- Training schedules to be put in place and monitored. Quarterly feedback, including copies of signed registers will be given to Durban ICC.

5.5 Product

- All products delivered must have a shelf life of no less than 3 months from delivery date.
- Any potential claims with regards to expired stock will be handled on a case by case basis.

5.6 Meetings

- Quarterly review meetings between the supplier and the DURBAN ICC to be held and to cover the following:
 - Sales performance.
 - Technical review.
 - Training review.
 - Review of Solutions. (If changes are required they will be implemented as per an agreed timing schedule and with applicable agreements as agreed between the ICC & Supplier).
 - Product review.

5.7 General

- Penalties will be attached to the technical support, service and product quality and will be outlined in the SLA accordingly.

- Failure to meet all of the stipulated mandatory product specifications will result in the service provider being deemed non-responsive and will not be considered for evaluation.
-
- The Durban ICC is not liable to make any deposit payments upfront.
- The unit prices are to remain firm for the contract duration
- Durban ICC reserves the right to purchase all or part of the goods listed subject to budget.
- The quantities requested are variable in nature and may change at time of order.
- The total procurement spend for this particular contract is limited to a maximum of two hundred thousand rand (VAT incl.) or six months, whichever the sooner.
